### Ms. Tanisha Head

Tanisha is a single mother living in Griffin, Georgia. She cares for her daughter, Brandi Bass who is 13 years old and suffers from cerebral palsy and epileptic seizures. Because Brandi is totally dependent on others for all aspects of daily care, Tanisha takes care of her every need including lifting her in and out of bed. This is at times difficult for Tanisha as she has lupus.

Tanisha and Brandi live in a small two bedroom apartment that does not have adequate space for the special wheelchair and other equipment that are needed to support Brandi. Brandi attends a special school, but at home she is often confined to her bedroom because of the lack of space to have her out playing with her toys or watching TV. In addition they have no washer and dryer hook-up so every week Tanisha takes Brandi to the laundromat to wash their clothes.

Tanisha says that Brandi is a blessing from God and she prays that she can continue to take care of her and meet her needs. A modest home with handicap accessible features would go a long way toward facilitating care for Brandi.

With God's blessing, Square Foot Ministry volunteers and supporters can make this miracle happen Feb. 16-23 in Griffin!
